

The websites for the family of SCTC companies, including WVI, are being updated and modernized. The changeover is scheduled for the weekend of September 1, 2012. There might be short times during the weekend where the websites are not available, but you should not see extensive shutdowns of the websites.

A major change that will occur is the consolidation of the WVI website into the three other websites. All of the Internet information will be found in the Internet section of the SCTC, PTC and SCS websites. WVI is owned by SCTC and will remain as the Internet Service Provider to the SCTC companies.

A major addition to the websites will be a Facebook connection. Please take the time to visit us on Facebook at

<https://www.facebook.com/#!/pages/SCTC/180411838743696>

Other great features include a direct link to canyonvideos.com, our community video website, where you can see videos of local city council meetings, concerts, festivals and other events from our communities.
